Erica,

The project is under review by state environmental regulators, who are aware of the concerns and examining carefully the effect on North Carolina communities.

Thanks,

Ford

Hi Ford,

Hope you are doing well. I'm working on a story about the proposed Atlantic Coast Pipeline and the water quality permit decision that will be soon issued by NC DEQ. I know Gov. Cooper has not yet clarified his position on the pipeline, but I was wondering if you are able to provide any statement about the ACP on behalf of Cooper at this time. Does he support the project? Oppose it? Please let me know.

Best,
Erica
